“Verlak Corporation has the opportunity to define a new standard for independent, research-led wealth management in India — combining global intellectual authority with deep local conviction.”

SECTION 01

Executive Vision & Brand Positioning

Verlak Corporation is conceived not merely as another wealth management firm, but as India's foremost independent investment intelligence institution — one that earns the trust of HNI and UHNI families through research-led conviction, fiduciary independence, and an unwavering commitment to multi-generational wealth stewardship.

1.1 Premium Market Positioning

Verlak Corporation positions itself at the apex intersection of three forces reshaping Indian private wealth: the rapid growth of domestic HNI/UHNI wealth, the demand for globally benchmarked advisory standards, and the rise of technology-enabled, personalized portfolio intelligence.

POSITIONING STATEMENT

CORE POSITIONING

- Verlak Corporation is India's most distinguished independent investment advisory and wealth management firm.
- Serving discerning HNI and UHNI families with research-led strategies, fiduciary independence, and global access.
- We do not sell products. We build legacies.
- Benchmarked against the world's finest — BlackRock, UBS, Goldman Sachs — yet rooted in India's opportunity.

1.2 Brand Story

Verlak Corporation was founded on a singular belief: that India's high-net-worth families deserve the same calibre of investment intelligence, rigor, and relationship depth that the world's ultra-wealthy receive from firms like UBS, Goldman Sachs, and J.P. Morgan — delivered with deep understanding of India's unique regulatory landscape, market dynamics, and family wealth philosophy.

The name 'Verlak' evokes strength, precision, and permanence — the qualities that define both exceptional wealth management and multi-generational trust. Every decision at Verlak is guided by three founding principles: intellectual honesty, fiduciary purity, and long-term stewardship.

1.3 Core Differentiation

Differentiation Pillar	What It Means	Why It Matters
------------------------	---------------	----------------

Research-Led Intelligence	All advice grounded in proprietary Verlak Research Centre publications	Clients invest with evidence, not emotion or product incentive
Fiduciary Independence	Zero commission, fee-only advisory model — SEBI RIA registered	No conflict of interest; pure client-outcome alignment
Family-First Architecture	Service model designed for family units, not individual accounts	Addresses succession, estate, next-gen education, and legacy
Global Access, Local Mastery	India-rooted expertise with access to global alternatives and markets	Best of both worlds for the globally mobile Indian UHNI family
Technology-Enabled Intimacy	AI-augmented advisory tools with deep human advisor relationships	Scale of fintech + warmth of private banking

1.4 Unique Selling Proposition

THE VERLAK USP

- **THE VERLAK METHOD:** A proprietary six-pillar investment philosophy (Quality · Growth · Longevity · Global · Legacy · Tax-Efficiency) applied consistently across all mandates.
- **INDEPENDENT FIDUCIARY:** The only premium Indian wealth manager operating as a pure fee-only SEBI Registered Investment Adviser with no distribution incentives.
- **RESEARCH DEPTH:** Verlak Research Centre publishes institutional-grade analysis typically reserved for foreign institutional investors — made available exclusively to Verlak clients.
- **FAMILY OFFICE CAPABILITIES FOR HNI:** Full family office services (estate, trust, philanthropy, succession) starting at ■5 Cr — previously accessible only to UHNI clients.
- **MULTI-GENERATIONAL DESIGN:** Every portfolio strategy explicitly accounts for the next generation, integrating tax planning, succession structures, and wealth transfer.

1.5 Competitive Advantage Framework

Vs. Competitor Type	Their Weakness	Verlak Advantage
Large AMCs (SBI, HDFC, ICICI)	Product distribution bias; retail-first architecture	Pure advisory independence; HNI-first service architecture
Bank Wealth Divisions (Kotak, HDFC Private)	Cross-sell pressure; banker rotation; platform bias	No banking relationships to protect; pure wealth focus
360 ONE / Motilal Private	Scale dilutes personalisation for sub-■10 Cr clients	Premium service threshold starts lower; deeper personalisation
Global Banks (UBS India, Julius Baer)	Minimum ticket sizes of \$1M+; India context gaps	India-first depth; starts at ■2 Cr; vernacular capability

Digital Wealth Platforms	Technology-first; lack of complex advisory depth	Technology-enabled, human-led; handles complex family needs
--------------------------	--	---

SECTION 02

Corporate Identity System

2.1 Tagline Options

The following taglines have been developed to convey distinct brand dimensions. Each works independently but shares the same premium tone.

PRIMARY RECOMMENDED	<i>"Where Wealth Meets Conviction."</i> Aspiration + Research Authority — positions Verlak as the place where genuine investment conviction is exercised
ALTERNATIVE A	<i>"Built for Legacies. Not Benchmarks."</i> Anti-benchmark, long-termism — resonates powerfully with multi-generational family office clients
ALTERNATIVE B	<i>"Your Wealth. Our Conviction. India's Future."</i> Three-part partnership + nationalism — strong for launch campaigns targeting India's emerging UHNI class
ALTERNATIVE C	<i>"Intelligence-Led Wealth."</i> Crisp, premium, research-authority — ideal for institutional and corporate advisory positioning
ALTERNATIVE D	<i>"Precision Wealth. Enduring Legacy."</i> Two-pillar value proposition — links technical excellence with emotional multi-generational aspiration

2.2 Brand Voice & Personality

Dimension	Verlak Voice	Example Phrase
Tone	Authoritative, warm, intellectually confident	India's wealth landscape is transforming. Verlak is built for what comes next.
Register	Premium but accessible; never condescending	Your portfolio deserves more than a product. It deserves a philosophy.
Vocabulary	Precise financial language + aspirational narrative	Multi-generational capital preservation across economic cycles.
Perspective	Long-term, India-rooted research-grounded,	We think in decades, not quarters.

Emotional Tone	Confident, reassuring, never alarmist	Volatility is temporary. Conviction is permanent.
----------------	---------------------------------------	---

2.3 Brand Personality Archetypes

Verlak's brand personality synthesizes three powerful archetypes:

- THE SAGE — The wise, research-led advisor who brings clarity to complexity. Goldman Sachs and BlackRock embody this archetype globally.
- THE RULER — Commands premium positioning through authority, precision, and market leadership. UBS Switzerland exemplifies this energy.
- THE CAREGIVER — Deep, trusted relationship with client families; steward of multi-generational wellbeing. Anand Rathi and private family offices carry this quality.

2.4 Core Values

- CONVICTION** We take positions. Our research-led philosophy means we recommend with confidence, not ambiguity.
- INDEPENDENCE** Fiduciary purity is non-negotiable. Our only obligation is to our clients' outcomes.
- STEWARDSHIP** Wealth carries responsibility. We manage capital as trustees of our clients' legacies, not just managers of their portfolios.
- EXCELLENCE** Every analysis, every document, every client interaction is held to the standard of the world's finest institutions.
- TRANSPARENCY** Fees are explicit. Conflicts are disclosed. Performance is reported honestly. Our clients deserve full clarity.
- LONG-TERMISM** We build for decades. Short-term market noise does not alter our strategic conviction.
- INNOVATION** We continuously invest in research tools, digital platforms, and analytical frameworks to serve our clients better.

2.5 Trust Framework

Trust Layer	Components	Expression Channel
Regulatory Trust	SEBI RIA registration, AMFI number, Investor Charter, SCORES grievance	Footer, About page, every service page
Intellectual Trust	Verlak Research Centre, Market Outlook publications, whitepapers	Insights hub, email newsletters, LinkedIn
Social Trust	Client testimonials, case studies, Euromoney/Forbes India awards	Homepage, service pages, press room

Visual Trust	Premium design, professional photography, Swiss-precision layout	Every digital and print touchpoint
Relationship Trust	Named advisors, leadership bios, direct advisor access	About page, onboarding experience, client portal
Performance Trust	Risk-adjusted returns, benchmark comparisons, transparent fee schedule	Client portal, quarterly reports, pitch materials

SECTION 03

Business Model & Revenue Architecture

3.1 Revenue Streams

Revenue Stream	Description	Target % of Revenue
Advisory Fees (AUM-based)	Annual fee as % of AUM under advisory mandate (0.75%–1.50% p.a.)	55%
Portfolio Management Service (PMS)	SEBI-registered PMS fees: fixed + performance (2% + 20% above hurdle)	20%
Family Office Retainer	Annual retainer for comprehensive Family Office services (■20L–■2Cr p.a.)	12%
Alternative Investment Facilitation	Structuring and co-investment fees on AIF access	6%
Corporate Advisory	Project-based fees for M&A,, capital raising, treasury management	4%
Research Subscriptions	Institutional research access for family offices and corporates	3%

3.2 Service Tiers

VERLAK SELECT	■2 Cr – ■10 Cr
• Equity & Debt Portfolio Advisory

- Custom Research Coverage

3.3 Client Segments

Segment	Profile & Needs	Verlak Approach
Retail / Emerging HNI (■50L – ■2 Cr)	Professionals, business owners building wealth; SIP-based, goal-oriented	Referral pipeline only; digital-first with advisor oversight; Verlak Select gateway

HNI (■2 Cr – ■25 Cr)	Business owners, CXOs, senior professionals; equity-heavy, tax-sensitive	Core segment; Verlak Select & Premier; dedicated RM; full advisory suite
UHNI (■25 Cr – ■500 Cr)	Industrialists, founders, inheritors; complex structuring, alternatives, global	Verlak Private; Family Office services; dedicated senior advisor + CIO access
Family Office (■500 Cr+)	Dynastic wealth; multi-generational; governance, philanthropy, succession	Verlak Legacy; fully bespoke; principal-level engagement; global co-investment
Corporate Clients	Founders, CFOs, treasury management; M&A; capital raising, ESOP advisory	Verlak Corporate Advisory division; project-based and retainer models
NRI / Global Indian	Indian diaspora with repatriation needs, India-allocation, estate complexity	Dedicated NRI desk; FEMA expertise; global-to-India portfolio construction

SECTION 04

Complete Service Ecosystem

Verlak Corporation's service architecture is designed as an integrated ecosystem — not a menu of products. Each service connects to the others, creating a holistic wealth relationship that deepens over the client lifecycle. This architecture mirrors the full capabilities of UBS, Goldman Sachs, and J.P. Morgan Private Bank, contextualised for India's regulatory and cultural framework.

01 WEALTH MANAGEMENT

The cornerstone Verlak service. A comprehensive, goals-based wealth management mandate covering the full spectrum of a client's financial life.

- Comprehensive financial planning & goal mapping
- Asset allocation strategy across equity, debt, gold, real estate, alternatives
- Regular portfolio rebalancing and performance attribution
- Tax-efficient investment structuring
- Insurance gap analysis and recommendations
- Annual wealth health review
- Intergenerational wealth planning integration

02 PORTFOLIO MANAGEMENT (PMS)

SEBI-registered discretionary and non-discretionary portfolio management for HNI/UHNI clients seeking direct equity ownership with institutional-grade management.

- Verlak Conviction Portfolio — concentrated high-conviction Indian equities
- Verlak Quality Compounder — QGLP-inspired long-term wealth creation
- Verlak Balanced Advantage — dynamic equity-debt allocation
- Verlak Special Situations — event-driven and deep-value strategies
- Direct equity ownership (not fund wrappers) for tax efficiency
- Monthly performance reporting with attribution analysis
- Minimum ticket: ■50 lakhs (SEBI PMS threshold)

03 INVESTMENT ADVISORY

Research-driven, conflict-free investment advisory for clients who prefer to self-execute with expert guidance — the purest fiduciary model.

- Personalized investment policy statement (IPS) development
- Mutual fund portfolio construction and optimization
- ETF and index strategy for cost-efficient core allocation
- Fixed income and bond ladder strategies
- IPO and primary market advisory
- Regular market outlook and tactical allocation views
- Fee-only model: zero commission, complete transparency

04 ALTERNATIVE INVESTMENTS

Access to institutional-grade alternative investments previously available only to global family offices and sovereign wealth funds.

- Category I, II & III AIF fund access and evaluation
- Private equity co-investment opportunities
- Pre-IPO and unlisted securities advisory
- Real Estate Investment Trusts (REITs) and InvITs
- Structured products and market-linked debentures
- International private credit and hedge fund access
- Due diligence and portfolio construction for alts allocation

05 FAMILY OFFICE SERVICES

A comprehensive family office solution that manages not just investments, but the entire financial ecosystem of a high-net-worth family.

- Consolidated balance sheet management across all family assets
- Family investment policy and governance framework
- Multi-generational wealth transfer structuring
- Trust, HUF, and holding company advisory
- Philanthropic capital allocation and CSR strategy
- Next-generation financial education programme
- Single family office (SFO) setup advisory for UHNI
- Family constitution drafting and governance advisory

06 ESTATE & SUCCESSION PLANNING

India's most underserved area of wealth management, elevated by Verlak to an institutional standard previously available only through global private banks.

- Will drafting coordination with legal partners
- Trust structuring (private family trusts, charitable trusts)
- Business succession planning and ESOP wind-down
- Asset nomination review and beneficiary mapping
- Tax-efficient inheritance structuring
- Jurisdiction-specific estate planning for NRI families
- Digital asset succession planning

07 RETIREMENT PLANNING

A systematic, goal-mapped approach to retirement corpus creation and post-retirement income generation.

- Retirement corpus gap analysis and projection modelling
- SIP and systematic wealth building to retirement date
- NPS advisory and Tier I/II optimization
- Annuity and income-generating portfolio construction
- Senior Living financial planning
- Healthcare cost provisioning strategy

- Early retirement (FIRE) planning for high-earning professionals

08 RISK MANAGEMENT

Comprehensive risk assessment and mitigation across portfolio, personal, business, and geopolitical dimensions.

- Client risk profiling using Verlak proprietary behavioural finance framework
- Portfolio stress testing across historical crisis scenarios
- Downside protection strategies (options, structured notes)
- Life and health insurance gap analysis
- Business risk assessment for entrepreneur clients
- Currency risk hedging for globally invested portfolios
- Liquidity reserve planning and emergency corpus sizing

09 GLOBAL INVESTMENTS & NRI SERVICES

Seamless access to global markets and specialized advisory for the globally mobile Indian investor.

- Liberalised Remittance Scheme (LRS) advisory and structuring
- International equity portfolio via Verlak Global Allocation
- US stocks, ETFs, and global index funds
- FATCA/FBAR compliance coordination
- NRI repatriation and FCNR/NRE optimization
- Global real estate investment advisory
- Multi-currency portfolio management

10 CORPORATE ADVISORY

Capital markets intelligence and strategic financial advisory for founder-led businesses, family enterprises, and mid-market corporates.

- Treasury management and cash flow optimization
- Capital raising advisory (equity, debt, structured products)
- ESOP/Sweat equity design and valuation
- Pre-IPO advisory and DRHP preparation support
- M&A; target screening and financial due diligence
- Family business monetisation strategy
- Board-level financial advisory retainers

11 VERLAK INTELLIGENCE (PREMIUM ADD-ON)

A proprietary research subscription service giving select clients exclusive access to institutional-grade intelligence not available elsewhere.

- Weekly India Macro Pulse (exclusive to Verlak clients)
- Monthly Verlak CIO Letter with 12-month market outlook
- Quarterly India Wealth Report (flagship branded publication)
- Sector Deep-Dives with equity-level fundamental analysis
- Global Macro Watch for internationally diversified portfolios

- Private market deal flow updates for AIF-eligible clients
 - Verlak Perspectives Podcast — CIO & guest economist conversations
-

12 VERLAK IMPACT (ESG & SUSTAINABLE INVESTING)

For clients who seek to align their wealth with their values — a structured ESG integration framework within the broader portfolio.

- ESG-screened equity portfolio construction
 - Impact investment theme identification (cleantech, healthtech, edtech)
 - Sustainability reporting for family office holdings
 - Charitable Trust and CSR corpus management
 - SDG-aligned portfolio scoring and reporting
 - Green bond and social bond allocation advisory
-

SECTION 05

Website Blueprint & Information Architecture

The Verlak Corporation website is the primary trust-building and lead-generation asset. Every page is architected to convert a first-time visitor into a consultation request through a precise sequence of credibility signals, intellectual authority, and emotional resonance.

5.1 Master Sitemap

Navigation Level	Page	Primary Purpose

5.2 Homepage Blueprint

The homepage is Verlak's most critical page — it must simultaneously impress, establish trust, and guide different visitor types toward their relevant journey.

SECTION 1: HERO (Above the Fold)

Full-width cinematic video or high-quality photograph of aspirational Indian context

- Headline (H1): 'Where Wealth Meets Conviction.' — Playfair Display, 52px, white
- Sub-headline: 'Research-led independent wealth management for India's discerning families.'
- Primary CTA Button (Gold): 'Schedule a Consultation'
- Secondary CTA (Ghost): 'Explore Our Philosophy'
- Persistent top-right: 'Client Portal' button in gold outline

SECTION 2: CREDIBILITY METRICS BAR

Full-width navy band immediately below hero — establishes scale and trust

- ■[X] Crore AUM Under Advisory
- 150+ HNI & UHNI Families Served
- SEBI Registered Investment Adviser
- Est. [Year] — [X] Years of Investment Excellence
- 15+ Awards & Industry Recognitions

SECTION 3: AUDIENCE PATHWAYS

Four elegant cards guiding different visitor segments to their relevant journey

- Card 1: 'For HNI Families' — Wealth & Portfolio Advisory
- Card 2: 'For UHNI & Family Offices' — Comprehensive Legacy Services
- Card 3: 'For NRI & Global Indians' — India & Global Wealth Management
- Card 4: 'For Corporates & Founders' — Capital & Advisory Solutions

SECTION 4: INVESTMENT PHILOSOPHY TEASER

Navy-background editorial section introducing The Verlak Method

- Section label: 'OUR PHILOSOPHY'
- Headline: 'We Think in Decades, Not Quarters.'
- 3-paragraph philosophy narrative with pull-quote
- CTA: 'Discover The Verlak Method →'

SECTION 5: SERVICES OVERVIEW

Icon-grid of 6 core services with elegant minimal design

- Wealth Management | Portfolio Management (PMS) | Family Office Services
- Alternative Investments | Estate & Succession | Global Investments
- Each card: Icon + Service Name + One-line description + 'Learn More' link

SECTION 6: FEATURED INSIGHTS

Three editorial cards from Verlak Research Centre

- Card format: Category tag + Headline + Date + 3-line excerpt + 'Read More'
- Left card: Featured (larger) — Quarterly Wealth Outlook
- Right cards: Two recent articles
- Below: 'Visit Our Research Centre →' link

SECTION 7: LEADERSHIP PREVIEW

Humanises the brand — three leadership photographs with names and roles

- Professional photography: dark background, confident posture
- Name, Title, years of experience
- CTA: 'Meet Our Leadership Team →'

SECTION 8: AWARDS & RECOGNITION

Logo strip of awards — establishes industry recognition

- Euromoney Best Wealth Manager India
- Forbes India Best Private Wealth Adviser
- CNBC TV18 Awards, Business Today 500 recognition
- SEBI registration prominently noted below logos

SECTION 9: CLIENT TESTIMONIAL

A single powerful testimonial — maximum credibility, minimal clutter

- Full-width navy background
- Quote in Playfair Display italic, 18px
- Client: First Name, City (anonymised as per compliance)
- Gold quotation marks as design elements

SECTION 10: PRIMARY CTA SECTION

Full-width closing call to action before footer

- Headline: 'Begin Your Wealth Journey With Verlak.'
 - Sub: 'Speak to a Senior Advisor — complimentary first consultation.'
 - CTA Button: 'Request a Consultation' (gold, prominent)
 - Secondary text: 'Or call us at [number] | Minimum engagement: ■2 Crore'
-

SECTION 06

Digital Platform & Investor Experience

Verlak's digital platform is not a reporting tool — it is an intelligent wealth command centre. Benchmarked against Morgan Stanley's client portal, Fidelity's planning tools, and 360 ONE's integrated platform, the Verlak Digital Experience combines institutional-grade data with an elegant, intuitive interface.

6.1 Verlak Investor Dashboard

The central client experience. Accessible via web portal and mobile app.

Module	Features	Data Sources
Portfolio Overview	Net worth, AUM, daily P&L, XIRR, benchmark comparison, asset allocation donut	Live BSE/NSE feeds, CDSL/NSDL, MF Central
Goal Tracker	Visual goal progress (retirement, education, home, legacy), probability of success	Client profile, portfolio data, inflation models
Holdings View	Equity, MF, PMS, AIF, FD, bonds — unified view with cost basis and gain/loss	Demat, MF, PMS feeds
Performance Analytics	XIRR, absolute returns, benchmark (Nifty/Sensex), rolling returns chart	Verlak portfolio engine
Advisor Messages	Direct secure messaging with relationship manager, voice notes, document share	Verlak CRM platform
Document Vault	Digital storage for all reports, contracts, tax statements, KYC documents	Verlak secure cloud storage
Transaction Centre	SIP management, purchase, redemption, switch instructions	BSE StAR MF, NRI remittance gateway
Research Access	Full Verlak Research Centre access, market alerts, CIO letters	Verlak CMS

6.2 AI Wealth Assistant — 'VELA'

Vela (Verlak Embedded Learning Assistant) is Verlak's proprietary AI wealth assistant. Vela augments — never replaces — the human advisor relationship. It handles routine queries, surfaces insights, and escalates complex

decisions to the advisor team.

- Natural language portfolio queries: 'How is my equity allocation vs. target?'
- Goal progress summaries: 'Am I on track for my ₹5 Cr retirement corpus by 2035?'
- Market briefings: 'What happened in markets this week and what does it mean for my portfolio?'
- Rebalancing alerts: 'Your equity weight has drifted 8% above target — recommend review.'
- Document retrieval: 'Send me my Q2 portfolio report.'
- Meeting scheduler: 'Book a call with my advisor for Thursday at 4 PM.'
- Tax awareness: 'My short-term gains this year are ₹3.2 lakhs — here's the impact.'
- Secure handoff to human advisor for complex decisions

6.3 Investment Calculator Suite

Calculator	Inputs	Output
SIP & Compounding Calculator	Monthly SIP, expected return, tenure, step-up %	Final corpus, total invested, wealth multiplier chart
Retirement Corpus Planner	Current age, retirement age, monthly expense, inflation, expected return	Required corpus, monthly SIP needed, probability chart
Wealth Goal Planner	Goal name, target amount, target year, current savings, risk appetite	Recommended allocation, SIP required, progress to goal
Risk Profile Assessor	12-question behavioural finance questionnaire	Risk score (Conservative to Aggressive), recommended allocation
Tax Efficiency Analyzer	Investment type, holding period, gains amount, tax bracket	Post-tax returns comparison across instruments
Portfolio Diversification Checker	Upload current portfolio (paste or CSV)	Concentration risk score, overlap analysis, diversification recommendations
Education Corpus Planner	Child's current age, target education cost, inflation, investment horizon	Monthly SIP required, suggested instrument mix
NRI Repatriation Planner	Amount to repatriate, source (NRE/NRO), FEMA limits, tax treaty	Optimal structure for tax-efficient repatriation

6.4 Mobile App Features

- Biometric login (Face ID / fingerprint) for security without friction
- Real-time portfolio value and daily change on home screen widget
- Push notifications for market-moving events, rebalancing alerts, advisor messages
- Goal progress rings (Apple Fitness-inspired design for wealth goals)
- Quick SIP execution and modification

- Vela AI assistant accessible via floating action button
- Document scanner for uploading financial documents
- Video call with advisor directly from app
- Market watchlist with Verlak Research notes on watchlist stocks
- One-tap investment in recommended Verlak strategies
- Family view — see aggregate family portfolio (with permissions)
- Offline access to last-synced portfolio data

SECTION 07

Content & Thought Leadership Strategy

Content is Verlak's most powerful trust-building tool. The most respected wealth management brands in the world — Goldman Sachs, BlackRock, Motilal Oswal — have built durable premium positioning through intellectual content. Verlak's content strategy is organized into four tiers: flagship publications, regular commentary, multimedia content, and client education.

7.1 Annual Flagship Publications

VERLAK INDIA WEALTH REPORT

Frequency: Annual (Jan) **Format:** PDF + Physical + Digital

Verlak's flagship publication — India's comprehensive annual wealth outlook covering macro, equity, debt, alternatives, real estate, and global allocation. Pitched as the 'definitive guide for India's discerning investor.' Distributed at exclusive client events and available as gated download on website (email capture).

VERLAK FAMILY WEALTH COMPASS

Frequency: Annual (Oct) **Format:** PDF + Webinar

Dedicated to family office and UHNI concerns: succession trends, estate planning changes, global family office benchmarking, next-gen wealth attitudes survey.

VERLAK ALTERNATIVES OUTLOOK

Frequency: Annual (April) **Format:** PDF + Private Briefing

Private markets, AIF category performance, real estate investment outlook, global alternatives trends. Invitation-only distribution for Verlak Premier+ clients.

VERLAK NRI GUIDE

Frequency: Annual (July) **Format:** PDF + Digital

Comprehensive guide for NRI investors covering FEMA, tax treaties, LRS, repatriation, India allocation strategy, and estate planning across jurisdictions.

7.2 Monthly Research Topics (Rolling 12-Month Calendar)

January	India Budget Preview: Implications for HNI Portfolios
February	Post-Budget Investment Strategy: Sector Opportunities 2025
March	End-of-Year Tax Planning: Maximising LTCG Efficiency
April	Q4 Earnings Season: Verlak's Sector Conviction Review
May	Monsoon & Rural Economy: Sector Impact Analysis
June	Mid-Year Wealth Review: Rebalancing for H2
July	Global Macro Watch: Fed Policy & India's Equity Premium
August	Independence Decade Themes: India's Structural Growth Story

September	Festive Season & Consumption Plays: Tactical Opportunities
October	Festival of Returns: PMS & AIF Performance Review H1
November	Year-End Global Allocation: Emerging vs Developed Markets
December	2026 Outlook: Verlak CIO 12-Month Market Forecast

7.3 Blog Content Categories

Category	Target Audience	Sample Topics
Wealth Fundamentals	Emerging HNI, digital audience	What is PMS? / SIP vs Lump Sum / Understanding AIFs
Tax Intelligence	HNI professionals, business owners	LTCG strategies / HUF structuring / ESOP tax planning
Market Commentary	All clients, website visitors	Rate cuts and bond portfolios / IT sector outlook / Gold's role
Family Wealth	UHNI, Family Office clients	Setting up a family trust / Succession planning basics / NRE vs NRO
Global Investing	NRI, globally mobile HNI	LRS and US stocks / India vs global allocation / Currency hedging 101
Verlak Views	All audiences — brand authority	CIO perspectives / Market myths debunked / Lessons from global crises

7.4 Investor Education Framework

Verlak Academy — a structured investor education programme building financial literacy as a trust-building and client-retention tool.

- FOUNDATION SERIES: 6-module email course for new Verlak Select clients — investment basics, risk profiling, portfolio construction, tax 101
- ADVANCED SERIES: Quarterly deep-dive webinars for Premier+ clients — alternatives, derivatives, global macro, estate planning
- NEXT-GEN PROGRAMME: Financial literacy programme for clients' children (18-30) — wealth mindset, equity investing, entrepreneurship financing
- WEEKLY MARKET IN 5: Five-minute video briefing every Monday — markets, your portfolio, one action to consider
- VERLAK PERSPECTIVES PODCAST: Bi-weekly; CIO + economist/industry guest; available on Spotify, Apple Podcasts, YouTube
- ANNUAL CLIENT SYMPOSIUM: Invitation-only premium event — flagship content, networking, guest economists, Verlak Annual Report launch

SECTION 08

Organizational Structure & Leadership

Verlak Corporation's leadership architecture is designed to project intellectual authority, client-centric depth, and institutional credibility. Each function is led by a specialist — not a generalist — ensuring that clients interact with genuine domain expertise at every touchpoint.

8.1 Senior Leadership Structure

CHIEF EXECUTIVE OFFICER (CEO)

The face of Verlak Corporation. The CEO is the primary brand ambassador and strategic architect. Minimum 20 years in wealth management, investment banking, or private equity. Media-facing, SEBI-registered, speaks at Hubbis, CFA Society, and Forbes India events.

- Set and execute Verlak's 10-year vision and capital allocation strategy
- Lead institutional and UHNI client relationships
- Board advisory and regulatory engagement (SEBI, AMFI)
- Brand positioning and external thought leadership
- Partnership and M&A; strategy (global affiliations, co-investment networks)

CHIEF INVESTMENT OFFICER (CIO)

Verlak's intellectual engine. The CIO chairs the Investment Committee, authors the Verlak CIO Letter, and is quoted in all flagship research publications. The CIO's credibility is central to Verlak's research-led positioning.

- Chair the Verlak Investment Committee (meets weekly)
- Develop and maintain The Verlak Method investment philosophy
- Author monthly CIO Letter and quarterly Outlook
- Oversee all PMS portfolio construction and rebalancing
- Lead the Verlak Research Centre editorial direction
- Media spokesperson on investment strategy

HEAD OF WEALTH MANAGEMENT

Leads the RM team serving HNI and Select-tier clients. Accountable for client satisfaction, revenue growth, and service quality across the core wealth segment.

- Lead and mentor team of Relationship Managers
- Own client acquisition targets for HNI segment
- Develop and refine the Verlak Select and Premier service experience
- Oversee client onboarding and financial planning process
- Interface between clients and Investment Committee

HEAD OF RESEARCH

Manages the Verlak Research Centre — the intellectual backbone of the brand. Oversees a team of sector analysts, macro economists, and quantitative researchers.

- Manage equity, macro, and fixed income research teams
- Oversee publication calendar and quality control

- Develop proprietary research methodologies and data models
- External relationships with SEBI, NSE, BSE, RBI research departments
- Research partnership agreements with global institutions

HEAD OF FAMILY OFFICE & UHNI

Verlak's most senior client-facing role. Manages the Verlak Private and Legacy tier clients. Former private banker, family office advisor, or investment banker with UHNI network.

- Lead all Family Office client relationships
- Develop comprehensive Family Wealth Plans for UHNI families
- Oversee trust, estate, and succession advisory work
- Manage relationships with legal, tax, and global banking partners
- Drive new UHNI client acquisition through referral network

HEAD OF CORPORATE ADVISORY

Leads the corporate division serving founder-led businesses, CFOs, and family enterprises.

- Lead treasury management and corporate finance advisory
- Drive M&A; advisory and capital raising mandates
- Manage ESOP structuring and founder monetization advisory
- Build relationships with private equity and venture capital networks
- Pre-IPO advisory and primary market execution

HEAD OF DIGITAL & TECHNOLOGY

Leads the Verlak Digital Experience — client portal, mobile app, Vela AI, and data infrastructure.

- Own the Verlak platform product roadmap
- Manage technology partnerships and API integrations
- Oversee cybersecurity and data protection frameworks
- Lead the Vela AI development and continuous improvement
- Drive digital-first client acquisition strategy

CHIEF COMPLIANCE OFFICER (CCO)

Ensures all activities conform to SEBI, AMFI, FEMA, and DPDP Act 2023 requirements. The CCO is a SEBI-registered compliance officer with minimum 10 years regulatory experience.

- Maintain SEBI RIA, PMS, and AIF registrations
- Oversee KYC/AML processes and annual audits
- Ensure all client communications meet SEBI advertising standards
- Manage SEBI SCORES grievance system
- Regular compliance training for all client-facing staff
- Interface with SEBI, AMFI, and APMI on regulatory changes

8.2 Team Structure & Hiring Philosophy

Function	Team Size (Year 1→3)	Hiring Profile
Investment Committee	4 → 6 members	CFA, PhD Economics, 15+ years senior portfolio experience

Research Analysts	3 → 8 analysts	CFA Level 3, IIT/IIM, sector specialists (BFSI, Tech, Infra, Global)
Relationship Managers	5 → 15 RMs	MBA Finance, minimum ₹50 Cr AUM track record, SEBI certified
Family Office Advisors	2 → 6	Private banking, legal/CA qualified, UHNI relationship depth
Digital & Technology	3 → 10	Full-stack dev, fintech background, data science capability
Operations & Compliance	2 → 6	SEBI knowledge, CA/LLB, compliance certifications
Marketing & Content	2 → 5	Financial journalism, brand strategy, digital marketing

SECTION 09

Trust & Credibility Framework

Trust is the currency of wealth management. Every element of Verlak's communication — design, content, compliance, digital experience, and human interaction — must consistently reinforce trust. This framework codifies how trust is built, maintained, and signalled across every client touchpoint.

9.1 AUM Credibility System

- Display AUM prominently on homepage credibility bar, About page, and all marketing materials
- Update AUM on website quarterly (SEBI guidance on performance claims applies)
- Frame AUM in context: '■[X] Crore in AUM Under Advisory Mandate' — precise, SEBI-compliant language
- Track and highlight AUM milestones in press releases: ■100 Cr, ■500 Cr, ■1,000 Cr
- Report AUM growth rate as evidence of client confidence and business momentum
- Third-party verification: ensure AUM is reconcilable with SEBI disclosures for credibility

9.2 Awards Strategy

Award / Recognition			Category			Strategy		
Euromoney	Awards	for	Best Private Bank India / Best Wealth Manager			Apply from Year 2 once AUM and client base meets threshold — most prestigious globally		
Forbes	India	Wealth	Best	Independent	RIA	/	Best	Apply Year 1-2 — high India visibility, strong HNI audience credibility
Management Awards			Investment Adviser					
Business	Today	Money	Best Wealth Adviser / Best PMS			Apply Year 1 — large retail+HNI audience, media visibility		
Today Awards								
Hubbis	India	Wealth	Best New Entrant / Best Research			Hubbis is the industry's specialist event — critical for industry positioning		
Management Awards								
CNBC	TV18	Financial	Best	Investment	Adviser	/	Best	TV visibility important for brand building among aspiring HNI clients
Advisors Awards			Alternative Funds					
CFA	Society	India	Research	Excellence	/	Thought		Builds credibility with institutional and sophisticated individual investors
Recognition			Leadership					

9.3 Research Publication Strategy

Research is Verlak's most powerful trust signal. The firms with the strongest brand trust — Goldman Sachs, BlackRock, Motilal Oswal — all have iconic research brands. The Verlak Research Centre must produce

consistently excellent content to build this intellectual authority.

- Establish 'Verlak Research Centre' as the brand name for all published research
- Launch the Verlak India Wealth Report as the flagship annual publication — physical and digital, sent to all clients and select media
- Pitch research to Economic Times, Mint, Business Standard for regular column presence
- Submit research to SEBI, AMFI, PHDCCI, and CII forums for visibility
- Provide research to Hubbis, Family Office Insights, and Campden Wealth for international reach
- Develop research distribution email list: clients + prospects + media + regulators
- Measure research authority: website downloads, media citations, LinkedIn impressions

9.4 Thought Leadership Framework

Channel	Content Type	Frequency & Goal
LinkedIn (Corporate Page)	CIO perspectives, market commentary, award announcements	4x per week — primary B2B and HNI digital channel
LinkedIn (Leadership Personal)	CEO and CIO personal thought leadership articles	2x per week per leader — establishes individual authority
Economic Times / Mint	Op-eds, expert quotes in market stories	Monthly bylined article target — builds mainstream credibility
YouTube / Podcast	Verlak Perspectives Podcast, Market in 5 Minutes video	Bi-weekly — deepens engagement with existing clients
WhatsApp Broadcast	Weekly market pulse for clients (SEBI compliant)	Weekly — highest open-rate channel for HNI clients in India
Email Newsletter	Monthly Verlak Wealth Digest for subscribers	Monthly — lead nurturing and client retention tool
Industry Events	Speaking slots at Hubbis, CFA Society, Family Business forums	Quarterly — key for UHNI and Family Office pipeline development

SECTION 10

UI/UX Design System

Verlak's visual identity is the silent communicator of everything the brand stands for. It must project the authority of Goldman Sachs, the precision of UBS, and the warmth of a family-trusted advisor — uniquely Indian in context, globally benchmarked in execution.

10.1 Color Palette

Deep Navy — #0F2545	PRIMARY. The dominant brand color. Used for navigation, headings, backgrounds, and dark sections. Signals authority, trust, stability, and intellectual depth. Inspired by Goldman Sachs deep navy and Morgan Stanley.
Burnished Gold — #B8955A	ACCENT. Applied to CTAs, rule lines, accent elements, tagline highlights, award badges. Signals premium positioning, wealth, and aspiration. Never overused — its restraint is what makes it powerful.
Warm Ivory — #F7F5F0	BACKGROUND. Primary page background. Warmer than pure white — signals refinement, craftsmanship, and quality. Used for content sections, cards, and document backgrounds.
Slate — #3A4A5E	SECONDARY. Body text and supporting elements. Softer than pure navy — maintains readability while sustaining the premium palette.
Silver — #8A9BAE	TERTIARY. Metadata, captions, footer text, secondary information. Creates typographic hierarchy without introducing new colors.
Pure White — #FFFFFF	DIGITAL CLARITY. Cards, modal backgrounds, high-contrast digital sections. Used sparingly — maximum impact areas only.

10.2 Typography System

Display / Headlines (H1, H2)	Playfair Display or Cormorant Garamond — Classic serif. Communicates heritage, intellectual authority, and premium positioning. Used large and sparse. Never below 24px in marketing contexts.
Sub-headings (H3, H4)	Playfair Display Medium Italic — retains serif elegance with a lighter editorial tone. Excellent for section labels and feature titles.

Body Text	Inter or DM Sans — Modern, highly legible sans-serif. Clean, confident, accessible. 16px on web, 10pt in documents. Line height 1.75 for comfortable reading.
Labels & Navigation	Inter Semi-Bold, letter-spacing 0.05em — precise, modern, premium. Used for all navigation items, section labels, table headers.
Data & Financials	Tabular figures (Inter or IBM Plex Mono) — ensures numeric alignment in tables and portfolio data displays.
Quotations	Playfair Display Italic at 120% body size — sets quotes apart as editorial moments without disrupting page flow.

10.3 Layout Architecture

- Grid: 12-column grid at 1440px max-width; 8-column on tablet; 4-column on mobile
- Spacing: 8px base unit — all padding, margin, and gap values are multiples of 8
- Container max-width: 1280px with 80px horizontal gutters at desktop
- White space is a feature: Verlak pages breathe — 60px+ between major sections
- Hero height: 100vh on desktop; 70vh on mobile
- Typography scale: 64px / 48px / 36px / 28px / 22px / 16px / 14px / 12px
- Border radius: 4px for cards and buttons — subtle, not playful
- Shadow: box-shadow 0 2px 20px rgba(15,37,69,0.08) for cards — navy-tinted depth

10.4 Premium Design Patterns

Pattern	Implementation	Purpose
Gold Rule Lines	1px gold horizontal rules between sections and under H2s	Visual hierarchy + premium brand signal without clutter
Navy Editorial Sections	Full-width navy background blocks with white type for key messages	Commands attention; creates visual rhythm across page scroll
Metric Display Cards	Large Playfair Display numeral in gold, label in Inter below on ivory	Credibility signal — AUM, years, clients displayed with visual weight
Photography Overlays	Dark navy-tinted overlay (60-70% opacity) on hero images	Ensures text legibility; creates cinematic premium aesthetic
Micro-animations	Subtle fade-up on scroll for content sections (100ms ease-in-out)	Premium feel without distraction; industry standard for wealth sites

Icon System	Custom thin-line icons (not Material/FontAwesome) in navy or gold	Unique visual identity; consistent across all service pages
Award Badges	Greyscale award logos to prevent colour clash; gold border frame	Credibility without visual noise
Advisor Cards	Professional B&W; photography with navy overlay on hover	Humanises brand while maintaining premium visual hierarchy

SECTION 11

Premium Features Roadmap

Verlak's technology roadmap is a 3-phase build programme designed to progressively deliver industry-leading digital capabilities. Phase 1 establishes the foundation; Phase 2 builds the competitive moat; Phase 3 creates insurmountable differentiation through AI and predictive intelligence.

PHASE 1	Foundation	Months 1–6
	■ Premium marketing website (this blueprint)	
	■ Client inquiry form + CRM integration (Salesforce / HubSpot)	
	■ Newsletter subscription infrastructure (Mailchimp / ActiveCampaign)	
	■ Investment calculators (SIP, Retirement, Goal Planner)	
	■ Verlak Research Centre — content hub launch	
	■ SEO foundation: 50 target keywords, Google Analytics 4 setup	
	■ LinkedIn page + CEO/CIO personal profiles established	
	■ SEBI-compliant all legal pages, disclosures, investor charter	
	■ Basic client onboarding: digital KYC, eSign, CRM profile	
	■ Mobile-responsive website across all devices	
PHASE 2	Growth	Months 7–18
	■ Verlak Client Portal v1: portfolio view, documents, messaging	
	■ Vela AI Assistant v1: FAQ, portfolio queries, meeting scheduling	
	■ Mobile App v1: iOS and Android (portfolio, research, calculators)	
	■ Advanced Goal Planning Tools with probability modelling	
	■ Risk Profile Assessment Tool (12-question behavioural framework)	
	■ Webinar & Event Platform (Zoom integration + recording library)	
	■ Gated Research Hub: premium content behind email / client login	
	■ Tax Efficiency Analyzer: multi-instrument post-tax return comparison	
	■ Family Portfolio View: consolidated dashboard for family units	

■ Verlak Perspectives Podcast: Spotify + Apple Podcasts launch
■ LinkedIn Content Engine: scheduled research posts + engagement tracking
■ NRI Services Digital Flow: LRS advisory, NRE/NRO calculator

PHASE 3	Scale & Intelligence	Month 19+
■ Vela AI v2: Predictive portfolio insights, natural language queries, proactive alerts		
■ Wealth Health Score: Proprietary scoring model (0-100) across 8 wealth dimensions		
■ Goal Forecasting Engine: Monte Carlo simulation for goal probability		
■ Real-time Rebalancing Alerts: drift detection + advisor-approved trigger system		
■ Tax Optimisation Module: automated harvesting recommendations, LTCG/STCG management		
■ Family Office Dashboard: multi-member family view, consolidated net worth, trust holdings		
■ Alternative Investments Portal: AIF subscription, cap table view, distribution tracking		
■ Predictive Analytics: next-best-action recommendations for advisor-client conversations		
■ Succession Planning Digital Module: document storage + advisor workflow		
■ API Integrations: CDSL, NSDL, NSE, BSE, MF Central, GST portal (for tax data)		
■ White-label Client Reporting: branded quarterly PDF auto-generated from portal		
■ International Portfolio Integration: LRS-linked global broker API (IBKR, Vested Finance)		

11.1 Wealth Health Score — Verlak Proprietary Framework

The Verlak Wealth Health Score is a proprietary index scoring each client's wealth position across 8 dimensions on a 0-100 scale. It is Verlak's signature product innovation — visible on every client dashboard and referenced in every annual review.

Dimension	What It Measures	Score Weight
Portfolio Alignment	Actual allocation vs. target allocation for goals	20%
Goal Progress	On-track probability for each defined financial goal	20%
Risk Calibration	Portfolio risk vs. client risk profile match	15%

Tax Efficiency	Post-tax return optimization vs. benchmark	12%
Liquidity Adequacy	Emergency fund coverage (months of expense)	10%
Insurance Coverage	Life, health, disability adequacy score	8%
Estate Readiness	Will, nomination, succession structure completeness	8%
Diversification Quality	Cross-asset, sector, and geographic diversification	7%

SECTION 12

Verlak Corporation — Master Blueprint Summary

This final section consolidates the entire strategic blueprint into a concise executive reference — the strategic DNA of Verlak Corporation.

12.1 Strategic Pillars

01**INTELLECTUAL AUTHORITY**

Verlak Research Centre is our crown jewel. Every piece of content we publish reinforces that Verlak advisors are the most informed in the room.

- Annual India Wealth Report
- Monthly CIO Letter
- Sector deep-dives
- Verlak Perspectives Podcast
- Media presence in ET, Mint, BS

02**FIDUCIARY PURITY**

Our fee-only model is our most powerful differentiator and must be communicated clearly on every touchpoint.

- SEBI RIA registration prominently displayed
- Zero commission statement on website
- Conflict-of-interest disclosure
- Fee schedule transparency
- Annual fiduciary pledge to clients

03**FAMILY-FIRST DESIGN**

Verlak is built for family wealth — not individual portfolios. This multi-generational lens applies to every service.

- Family Office services from ₹50 Cr
- Succession and estate advisory
- Next-gen programmes
- Family constitution advisory
- Consolidated family dashboard in portal

04

GLOBAL ACCESS, LOCAL MASTERY

We bring Goldman-standard global access to India's HNI families, with deep understanding of SEBI, FEMA, and India's opportunity.

- LRS and global investment advisory
- International AIF and PE access
- NRI specialist desk
- Multi-jurisdiction estate planning
- Global partner network

05

DIGITAL EXCELLENCE

Our technology platform must be the best in the Indian independent wealth management space — period.

- Vela AI wealth assistant
- Real-time portfolio dashboard
- Mobile app — iOS + Android
- Predictive goal forecasting
- Wealth Health Score

12.2 First 12-Month Priority Actions

Priority	Action	Owner
P0 — Immediate	File SEBI RIA and PMS registration applications	CEO + CCO
P0 — Immediate	Incorporate Verlak Corporation Pvt Ltd + trademark filing	CEO + Legal
P0 — Immediate	Hire CIO and Head of Research	CEO
P1 — Month 1-2	Brief brand and design agency on this blueprint	CEO + Marketing
P1 — Month 1-2	Commission website development (using Section 05 blueprint)	Head of Digital
P1 — Month 2-3	Develop The Verlak Method investment philosophy document	CIO
P1 — Month 2-3	Build initial 5-person RM team for HNI segment	Head of Wealth
P2 — Month 3-4	Launch Verlak Research Centre with first publications	Head of Research
P2 — Month 3-4	Apply for Euromoney and Forbes India award categories	Marketing

P2 — Month 4-6	Launch website with full calculator suite and research hub	Head of Digital
P2 — Month 4-6	Onboard first 20 HNI clients via network referrals	CEO + Head of Wealth
P3 — Month 6-12	Launch Client Portal v1 and Verlak Mobile App	Head of Digital
P3 — Month 6-12	Host inaugural Verlak Annual Client Symposium	Marketing + CEO
P3 — Month 9-12	Launch Verlak PMS — Conviction Portfolio and Quality Compounder	CIO

“The firms that will win India’s HNI and UHNI segment over the next decade will be those that earn trust through knowledge, not just performance. Verlak Corporation is built to earn that trust — every day, in every interaction, at every level of the organisation.”

VERLAK CORPORATION — MASTER STRATEGIC BLUEPRINT

Prepared: June 2025 · Version 1.0 · Confidential — Internal Strategic Use Only

This blueprint is based on comprehensive analysis of 20 global and Indian wealth management leaders including BlackRock, UBS, Goldman Sachs, Morgan Stanley, J.P. Morgan, Fidelity, 360 ONE, Motilal Oswal, Anand Rathi, and HDFC AMC. All recommendations are for strategic planning purposes. SEBI registrations, compliance implementations, and legal structures should be implemented in consultation with qualified legal and compliance advisors.
